Agency Mission

The South Carolina Office of the Inspector General's (SIG) statutory mission is to investigate and address allegations of "fraud, waste, abuse, mismanagement, misconduct, and wrongdoing" within the Executive Branch consisting of 106 separate agencies, commissions, boards, and public universities; annual expenditures exceeding \$27 billion; and 60,000 employees. John Ward, the father of the first state Inspector General's (IG) office (Massachusetts – 1981), best described the general mission and concept of the IG as "...any institution, corporation, university, let alone the institution of government, must build into itself a mechanism for self-criticism and self-correction." He further identified the IG's role as "that vast middle ground between the ability to review all state transactions to a limited degree without the power to investigate [i.e., the Auditor], and the power to investigate allegations of fraud on a case-by-case basis [i.e., the Attorney General]." The SIG approaches this broad mission by two strategic objectives: 1) maintain a high integrity workforce; and 2) increase the cost/effectiveness of Executive Branch operations. The SIG operationalizes these strategic objectives by selecting fraud, misconduct, and waste investigations with the broadest impact, based on: 1) The significance of the impact to the public's confidence in the integrity or effectiveness of State government, and/or disruption to agency operations; 2) The broadest impact (statewide) considering probable individual case outcomes in terms of effectiveness, waste prevented or seriousness of allegation; 3) Proactive risk assessments of waste among Executive Branch agencies; and 4) Lessons learned to identify root causes of problems or deficiencies in order to drive positive change within an agency, preferably on a statewide basis.

Adopted in: 2012

Agency Vision

The SIG utilizes its statutory authorities, capabilities, and proactive posture to: •Provide the State with a unique investigative/audit asset to objectively and independently address integrity or ineffectiveness issues impacting the public's confidence in State government and disruption to an agency fulfilling its mission; •Demonstrate a willingness to engage integrity and ineffectiveness issues as a deterrence for misconduct and mismanagement among Executive Branch employees and leaders; as well as providing an effective tool to address issues previously unaddressed by affixing accountability with recommendations to drive positive change; and •Steer the Executive Branch management culture towards an environment of continuous improvement using the simple benchmark of taxpayer value, and challenge State government's greatest risk of complacency, which can easily seep into a governmental environment.

AGENCY’S DISCUSSION AND ANALYSIS

During Fiscal Year (FY) 2020-21, the Office of the State Inspector General (SIG) was staffed with an Inspector General, one Deputy Inspector General, three auditors, two investigators, and one administrative coordinator. Each auditor and investigator has extensive auditing and investigative experience, including prior law enforcement experience. The SIG hired one investigator (March 2021) to fill one vacancy. This brief vacancy had marginal impact on SIG operations and investigations. The SIG utilized an honors intern from the University of South Carolina during the 2021 spring semester.

The SIG emphasized the professional development and continuing education (CPE) of its staff in the specialized areas of certified fraud examiner (CFE), certified inspector general (CIG), certified inspector general investigator (CIGI), certified public manager (CPM), and certified government finance officer (CGFO). The SIG’s emphasis in providing opportunities for its staff to maintain these specialized skills ensures the SIG deploys highly trained auditors and investigators with the broadest perspective in its investigations, reviews, and assessments. The annual CPE requirement for the CFE certification is 20 credit hours, with at least ten hours in fraud examinations and two hours in ethics. The biennial CPE requirement for the CIG and CIGI certification is 40 credit hours. The SIG staff participated in 20 hours of CFE training in June 2021 through the Association of Certified Fraud Examiners. The SIG staff also participated in training provided by the Institute of Internal Auditors in November 2020. The SIG collaborates with the Legislative Audit Council to receive audit training for all new SIG staff.

SIG Investigative Activities – FY 2020-21

The SIG initiated six high impact/time-sensitive investigations requested by the General Assembly, the Governor’s Office and a statewide elected official, eleven proactive risk assessments of waste and mismanagement, ten investigations of serious misconduct by state employees, and the dissemination of six anti-fraud lessons learned and alerts.

The SIG utilized its forensic accounting and financial investigative skills in thirteen (13) investigations. The SIG conducted voluntary program reviews for five EB agencies to improve program efficiency and effectiveness for these agencies. Additionally, the SIG provided training opportunities to two EB agencies to include procurement training to one agency and whistleblower training to another agency.

Reviews (6) of High Impact/Time-Sensitive Issues in State Government

- SIG [Review of Transparency and Accountability in Earmark Funding and the Impact on Executive Branch Agencies for Fiscal Years 2018-19 and 2019-20](#), requested by the Office of the Governor, assessed the EB agencies’ distribution of earmark funding to non-governmental organizations’ compliance with the associated provisos and the appropriation acts.
- SIG [Review of Motor Carrier Road Use Fee Collections by the South Carolina Department of Motor Vehicles](#), at the request of a member of the General Assembly, analyzed the agency’s implementation of Act No. 40 of 2017: Revenue, Reform, and Relief.
- SIG [Review of the Teach for America – South Carolina Program](#) (TFASC), at the request of a statewide elected official, assessed the TFASC’s responsiveness to the South Carolina Department of Education’s oversight of its alternative teacher certification programs.

AGENCY NAME:	Office of the State Inspector General		
AGENCY CODE:	D250	SECTION:	94

- SIG Review of the State Accident Fund: Conflict of Interest in a Procurement Matter, at the request of the Governor, assessed the agency’s compliance with procurement, ethics, and other state laws. The State Accident Fund (SAF) director was removed by Executive Order issued by the Governor. In addition, a conflict of interest existed with an employee of a contracted vendor, and the business relationship with the vendor was terminated.
- The SIG conducted a preliminary inquiry of the *South Carolina Human Affairs Commission (SCHAC) vs. Yacht Cove Owners Association, Inc. et al*, requested by the Office of the Governor. After completing the inquiry, the SIG deferred the SCHAC matter to the court.
- The SIG initiated a preliminary inquiry at the request of the Governor’s Office, regarding the distribution of state and federal funds by the South Carolina Department of Education (SCDE) via the Charter Institute at Erskine (CIE) to three charter schools and the use of the funds by those schools. The SIG had limited jurisdiction in this matter.

Proactive Risk Assessments (11) of Waste and Mismanagement

The SIG is most effective in the findings and recommendations issued through its program reviews and investigations. During FY 2020-21, the SIG issued 25 recommendations. The agencies implemented 100% of the recommendations that resulted in a combined recovery and waste prevented of \$586,049 in South Carolina tax dollars.

The SIG conducted eleven waste and risk assessments. Four of the six high impact/time sensitive reviews previously listed were initiated as risk assessments for waste and mismanagement of state resources. These four risk assessments/reviews included the Road Use Fees Collections program, Hidden Earmark Appropriations, the Teach for America South Carolina program, and the review of the *SCHAC vs. Yacht Cove Owners Association, Inc.*

Serious Misconduct Investigations (10) Regarding Executive Branch Employees

By policy, the SIG does not publically release serious misconduct investigations. In matters determined to be criminal in nature, the SIG must refer these matters to law enforcement for further investigation pursuant to SC Code of Laws, §1-6-40 (B). However, for SIG accountability purposes and oversight, the following summaries of misconduct investigations are presented in a non-attributable format:

- An agency official was alleged to have engaged in fraudulent activity at the agency. The SIG determined the allegation was unfounded.
- An agency employee was alleged to have committed time and attendance (T&A) fraud. The SIG confirmed the employee committed T&A violations and provided the results to executive management for appropriate action.
- An agency official was alleged to have engaged in fraudulent activity at the agency. The SIG confirmed the allegation and provided the results to executive management for appropriate action.
- An agency official was alleged to have engaged in fraudulent activity at the agency. The SIG determined the allegation was unsubstantiated.

AGENCY NAME:	Office of the State Inspector General		
AGENCY CODE:	D250	SECTION:	94

- During the course of a related SIG investigation, the SIG identified possible retaliation against an employee by an official. The SIG confirmed the retaliation and provided the results to executive management for appropriate action.
- An agency official was alleged to have engaged in fraudulent activity at the agency and a conflict of interest that resulted in a financial benefit through a related-party procurement transaction. The SIG determined the allegations were unsubstantiated.
- An agency official was alleged to have committed T&A fraud and nepotism. The SIG determined the allegations were unsubstantiated. In addition, agency officials were alleged to have violated agency policies for documenting attendance records and reporting of violations. The SIG identified procedural and documentation concerns that were provided to executive management for appropriate action.

One misconduct investigation, involving the SAF director, was included in the “High Impact/Time-Sensitive Issues in State Government” section above. Two other investigations are currently in the investigative process.

Voluntary Program Reviews (5) Requested by Agency Heads

The SIG initiated five voluntary program reviews at the request of five EB agencies. The SIG promoted this service to EB agencies to assist in improving EB operations and processes. In three of the five program reviews, the SIG determined that each agency executed its program management effectively, though not efficiently. The SIG made recommendations to the agency heads to improve program efficiencies and management processes, and to incorporate appropriate personnel and training. The remaining two reviews are currently in progress.

Lessons Learned (6) and Alerts Disseminated to EB Agencies

The SIG issued its FY 2020-21 fraud report titled, [Annual Report of Fraud Conducted by Executive Branch State Employees](#). The SIG received five notifications from four EB agencies of potential fraud involving eight EB employees, with an estimated loss of \$110,300. The SIG disseminated six “Lessons Learned” and alerts to all 106 EB agency heads, which included fraud detection and prevention tips, fraud risks, and delinquent accounts receivables identified in the [2020 Debt Collection Report](#), as well as occupational fraud schemes in government organizations identified in the Association of Certified Fraud Examiners [2020 Report to the Nations – Government Edition](#).

SIG “Hotline” Operation and Fraud Complaint Program

The SIG operated a toll-free “hotline” for the public to report fraud in state government. In addition to receiving complaints through the SIG’s Fraud Hotline and the traditional method of in-person or direct correspondence with the SIG, the SIG also utilized a web-based reporting system that provided the public and state employees the ability to report fraud in a confidential manner directly to the SIG.

During FY 2020-21, the SIG addressed 3,195 complaints, a 324% increase over FY 2019-20. The 3,195 complaints is the most received by the SIG in its ten-year history. Of the 3,195 complaints received in FY 2020-21, the SIG addressed 2,668 complaints related to unemployment insurance (UI) matters at the South Carolina Department of Employment and Workforce (SCDEW). The SIG triaged these complaints

AGENCY NAME:	Office of the State Inspector General		
AGENCY CODE:	D250	SECTION:	94

for referral of identifiable UI fraud to the SCDEW investigative team. As a result, the SIG identified and referred 415 UI fraud complaints to the SCDEW for further investigation. The SIG’s average turnaround for complaint processing (download-assessment-action) was eight calendar days for FY 2020-21. This was a 20% increase in efficiency in complaint processing over its ten-day average in FY 2019-20. The SIG received an additional 2,381 “hotline” calls that were non-jurisdictional complaints or misdirected calls, which the SIG referred to the applicable agency or entity. The tracking of complaints acts as a barometer of the SIG’s communication efforts with the public and executive branch employees, and gauges the SIG’s triage of complaints more effectively.

COVID-19 Impact to SIG Fraud Complaint Program Operations

The SIG has experienced an explosion in complaints submitted through its fraud complaint program following the Governor’s declaration of a COVID-19 State of Emergency on 3/13/20. The SIG identified the impetus behind the increase in complaints to individuals seeking to navigate the UI claims process with the SCDEW. Over the past two fiscal years, the SIG has experienced an 842% increase in complaints through its fraud complaint program. In the prior fiscal year (2019-20), the SIG experienced a 122% increase (753) over FY 2018-19 (339). This upward trend in complaints continued throughout FY 2020-21. (See chart below)
